South Canterbury Charities Ltd (SCCL) is a charitable trust set up to administer and distribute funds from gaming machines. For the 2005/2006 financial year SCCL distributed \$359,717.98 into the local community. Our philosophy has always been simple; local decisions, by locals for locals. This philosophy has ensured the funds raised from our site have always been reinvested into the local community. Our aim is to ensure maximum returns are made to the community, while assisting our site operators to grow their business and increase the efficiency of gaming practices. 70% of the distribution of funds goes towards amateur sports and 30% of the distribution of funds to community, health and education.

The Key Business Drivers for South Canterbury Charities Ltd are:

- To enhance amateur sport in South Canterbury
- Committed to enhancing sporting infrastructure
- To promote sport, activity and wellbeing
- To add value to the local community
- To support excellence and promote role models
- To grow the number of high value site operators under South Canterbury Charities Ltd

At SCCL we try and make the process of filing the application form for funding easier by making ourselves available either to have a meeting in person or to talk through the application process on the phone.

Sites can take advantage as being establishments that can pride themselves on 100% local and 100% South Canterbury - something only sites that are administered by SCCL can take advantage of. I challenge other establishments in the region to join our successful charity and to ensure the proceeds from local gaming machines remain in the local community. The Challenge was taken up by Jock and his team at the Old Bank Café & Bar, but now the challenge is thrown open to all of the local pubs. If other establishments are as community focused as Old Bank Café & Bar, I am sure they will come on board, and the local community will continue to benefit from our local pub charity organisation.

**STACEY SCOTT - MANAGER**  
**SOUTH CANTERBURY CHARITIES LTD**
