FUNDING INFORMATION FOR ALL LOCAL COMMUNITY ORGANISATIONS !

Trust Aoraki is a charitable organisation that administers and distributes funds from gaming machines.

Keeping with the philosophy of the organisation of “**locals supporting locals**”, **100% of the funds generated in each area remain in the area.**

A minimum of 70% of funds go towards amateur sports—particularly in assisting with travel and accommodation costs of competing sportspeople. Up to 30% goes towards community, health, arts and education.

The philosophy of Trust Aoraki is very much about supporting **excellence** and **participation.**

The board of Trust Aoraki works hard to ensure that they are doing the best for the local area, particularly with the Grant Application approval process. Local Committees assist with the grant selection process.

If your community organisation requires funding assistance:

Application forms for grant applications are available from Trust Aoraki hotel gaming sites, including your local sites:
