Trust Aoraki Ltd is a 'not-for-profit' organisation that administers and distributes funds from gaming machines. The vision of the organisation is achieve prominence in funding in regions of operation and to add value to local communities.

For the 2015/2016 financial year, Trust Aoraki distributed **\$1,648,796** into the local communities from where the funds were generated. This is in the form of financial grants to local sporting and community organisations.

Our philosophy at Trust Aoraki is simple – "locals supporting locals".

100% of available funds raised from our sites are reinvested back into the local community. The board and staff of Trust Aoraki continue to be proud to support a wide range of activities in the South Canterbury region and beyond.

In this financial year the regulatory requirement of returning a minimum of 40% of gaming machine profits was achieved by Trust Aoraki. **TRUST AORAKI**

RETURNED MORE THAN ITS' REGULATORY REQUIREMENT – 40.39% was distributed into the local communities of Trust Aoraki in the 2015/2016 financial year. Our aim is to ensure that maximum returns are made to the community while harm is minimised. As the constitutional requirement of Trust Aoraki a minimum of 70% of the funds distributed goes towards amateur sports and up to 30% of funds distributed goes towards community, health, arts and education.

The Key Business Drivers for Trust Aoraki Ltd are

- To enhance amateur sport in local communities where contributing sites are situated
- Committed to enhancing sporting infrastructure
- To promote sport, activity and wellbeing
- To add value to the local community by enhancing community and economic development
- To reward excellence and participation and promote role models

At Trust Aoraki we try and make the process of completing a grant application form easy by either making ourselves available to have a meeting with an applicant or talking through the application process

on the phone. We pride ourselves on working closely with community organisations and endeavoring to get the best out of available funds. We would like to take the opportunity to thank our 'local committees' that help with grant distributions for their valuable input.

Gaming sites can take advantage of being establishments that pride themselves on being 100% local.
